## ABOUT US

Flying Doctors Nigeria (FDN) is a medical emergency response service that specializes in air ambulances, medical evacuation, medico logistics services, remote site medical solution services, medical equipment and consumables supply, medical infrastructural development and medical training.

With a mission to equip healthcare facilities in Africa with the best possible quality medical equipment and a full range of consumables at competitive prices, FDN has been one of the leading suppliers and distributors of various medical supplies to healthcare facilities.

FDN has worked with several corporate organizations, government and its agencies, multinationals and other individuals to set up new medical infrastructure and develop existing facilities.

FDN, over the last decade, has partnered with several Original Equipment Manufacturers (OEMs) and global brands to supply wide range of medical equipment and consumables across Africa.

## BRANDS WE SELL

*... and many more*

The background of the image shows a clinical setting with various medical devices. On the left, there is a large monitor on a stand, and below it, several pieces of electronic equipment, possibly ultrasound or diagnostic machines, with various buttons and screens. To the right, a large, white, rectangular piece of equipment, possibly a patient warming unit or a specialized imaging component, is visible. In the foreground, a black, padded medical chair or stool is partially visible. The entire scene is overlaid with a semi-transparent blue filter. A white rectangular box with a thin border is centered over the text, and a solid red horizontal line is positioned below the text box.

# EQUIPMENT FINANCING SOLUTIONS

---

## EQUIPMENT FINANCING SOLUTION

The Flying Doctors Nigeria's Equipment Financing Solution takes away the burden of immediate payment for medical supplies off hospitals, clinics, laboratories, pharmacies and other healthcare facilities.

It is a solution that is geared towards ensuring that healthcare and wellness facilities such as hospitals, clinics, pharmacies, laboratories, gyms, pharmaceutical companies, diagnostic centers etc., own any medical equipment of choice without any immediate financial obligation - ***a buy now pay later solution.***

Our solution is tailor-made for players in the health and wellness sector to meet working capital needs, expand their healthcare operations, acquire medical and wellness equipment, and grow their business, improve operational efficiency, provide better quality of care and improve patients' outcome.

With our flexible repayment option spread over a total period of 36 months, facilities can get as much as 50 Million Naira in working capital to purchase a wide range of medical equipment such as ultrasound, digital imaging, ambulances, etc.

## WHY FDN EQUIPMENT FINANCING SOLUTION?

- Experience
- Robust OEM Networks
- Prompt And Free Delivery
- Business Expansion Opportunities
- Competitive Prices
- Flexible Payment Options

## AFTER SALES SUPPORT

For us as an organization, a lifetime relationship of constantly being able to support the growth and operation of our clients by ensuring optimal utilization of our products is all that matters to us. Be you an individual, corporate and/or government, we are particular about transcending our relationships beyond every sale. For this primary reason, we have put together a number of services we are able to assist with. Kindly contact our technical team for more information: (+234) 0803 440 5549.

- a) Quarterly equipment maintenance which would entail deploying one of our technicians to service all equipment procured.
- b) Physical and/or online-training of staff members or assigned manager on adequate equipment use, precautionary measures, and maintenance.
- c) Rapid deployment of certified and trained technicians for equipment repair to any location within Nigeria.
- d) Online training and courses on troubleshooting equipment purchased.
- e) Online technical support and electronic consultation.
- f) Free delivery services for locations within Lagos only.

## TERMS AND CONDITION

1. All accruing costs to be incurred for an Intra and interstate deployment of our technical staff for support would be covered by the client.
2. Refund policies are not applicable to all equipment being maintained by a third party that develops fault before the warranty period stipulated.

## LEGAL DISCLAIMER

Warranty applies according to manufacturers.

Insurance: We also have an insurance package that would enable you insure an item purchased against theft, damage and other risks. To learn more about available options, please talk to us directly on: (+234) 0803 440 5549.
